

Listed below are important programs or documents necessary to engage in the process of integrated care and are important for fulfilling the terms of our contracts:

- **ScreeningWare** sends clients ratings scales through email or text messaging and allows you and AMHA-NW to track patient progress and eventually share data with other health care providers. You'll need to become familiar with this software and how it works. This will allow us to claim we are working as an "evidenced based practice".
- The **Carepaths BAA** will allow WOMHA members' EHR confidential data (with patients names removed) to be aggregated in order to demonstrate treatment efficacy of our IPA.
- WOMHA members should be using **AMHA Supernote 4.0** to record any initial evaluation documentation in Carepaths, as well as to complete each session's progress note. It will soon be revised, but it should be used for now.
- The **AMHA Website** should include your professional information and specializations. This will be a primary source to direct physicians, our calling center, and other AMHA members to your practice. Please, please update and keep current.

SCREENING WARE

All WOMHA members have been entered into the ScreeningWare system. The next step is for you to log in with your email as your user name and your email as your password. Once this step is completed, you will be directed to reset your password. There are directions on how to enter a new client into the system in the attached document. Our suggestion is to enter your Pacific Source and MODA clients first. Go to <http://www.screeningware.com> to initiate this process. This program is where evidence-based and client alliance measures are located.

- Go to screeningware.com and log in.
- Read ScreeningWare Administrative Guide
- Enter clients who have Pacific Source or Moda insurance.
- Begin to use the ScreeningWare to collect data

CAREPATHS CHART NOTE: AMHA SUPERNOTE 4.0

- Use of CarePaths for Pacific Source and MODA clients

AMHA WEBSITE

Confirm all data is completed and accurate on the AMHA website by [clicking here](#) and then click on “Member Log In” in the upper right hand corner to log in. This site will be where our call center, ProtoCall, will be accessing therapist information to make appropriate referrals to us.

Be sure to check the box if accepting new clients or not

What your appointment hours do you usually have?

If you have been contacted by a board member to update your website information, please respond promptly to the request.

Please contact any board member if you have any questions. We are here to assist during these exciting time of transition.
